Issue 510, April 18<sup>th</sup> 2013 - EARTH DAY EXPRESS

## SUNDAY APRIL 21<sup>ST</sup>, MARCH FOR THE PLANET

Last year's April 22 rally was a resounding success. Let's walk for the environment again on **Sunday, April 21** in Montreal. March leaves from the Place des Festivals at **2 p.m.** precisely.

In the context where the oil sands may soon arrive in Quebec, where the Quebec government is accelerating the pace to engage in oil exploration, a large collective formed by environmental, citizen, labor, student and indigenous movements, supported by groups of medical physicians, scientists and artists, invites Quebec citizens to join a Walk for Earth to be held on Sunday, April 21, in Montreal, at 2 PM. This major gathering, in collaboration with Idle No More, will be part of a global movement to free society from fossil fuels and to solve the climate crisis while respecting the rights of future generations.
