Dear Faculty members,

While the College has not yet received directives and/or assurances from the ministry regarding the remuneration of Continuing Education teachers, we have decided to **continue paying CE teachers** as per the terms of their contracts. Under the circumstances, it is the right thing to do.

Please note that, should the semester be extended beyond the dates stipulated in the teachers' current contracts, amendments will be made to the contracts of those teachers available to complete the semester. The amendments would include additional hours of teaching.

Given this decision, the ROE (Records of Employment) that many of you have requested are no longer necessary. Unless we hear otherwise, these requests will not be processed.

We will continue to communicate with you as more decisions are made and information from the ministry becomes available.

Warm regards,

Richard Filion, Diane Gauvin and Pascahl Scott
